Shaanxi Daily Car Park System

Address: Xi'an City, Shaanxi Province

Investor: Shaanxi Daily Group

Parking System: Platform Lift (PCY); 10 levels above ground

Transfer cabins: 6

Parking spaces: 342

Project Description:

The campus area of this Group was limited, and so parking spaces was insufficient to support the employees' daily work activities. Yeefung Platform lift Parking System utilized the three-dimensional space and significantly increased the number of parking spaces. Yeefung parking system solved the parking problem and facilitates newspaper editors, reporters, and other staff functions.
